BUILD YOUR LED-POLE KIT | 200W-300W LEDs | 20 FT. - 35 FT. ALUMINUM TAPERED POLE | 4 LEDs

Our LED - Pole Kits include 4 LED fixtures (200 or 300 Watts available) and one LED-Ready tapered aluminum poles (20, 25, 30 and 35 feet available). The kit also includes 4 head tenon top aluminum bracket at 90 degrees. The only available color for kit building is dark bronze. We can make these kits in black, gray or white however these will be custom made and pricing and lead-time will be impacted. If you have any questions please give us a call at (888)364-8802 or send us an email at customerservice@brightlots.com

instructions. scroll further down to build your led pole kit

[Step 1 Select your LED Fixture Options](#)

FERIS LED Fixtures - 140 Lumens per Watt

- Select from 200 Watt or 300 Watt options
- Select your mounting bracket. In this case only Slip Fitter option is available as the poles are equipped with tenons to accommodate slip fitters.
- Select your photo sensor option.
- Select your motion sensor option.
- The quantity in this case will be 4 per kit. It is already set to 4 fixtures.
- Click on the "Review Your Selection" to move to pole options

[Step 2 Select your Pole Options](#)

20, 25, 30, 35 ft. LED-Ready Aluminum Tapered Poles

These poles come equipped with tenons that will accommodate 4 LED fixtures with slip fitters.

- Select from available pole heights: 20, 25, 30, 35 ft.
- Select the color option; dark bronze. Please note, dark bronze is the only color option for these kits if you are buying online. Other colors are available. Please give us a call at (888)364-8802 or send us an email at customerservice@brightlots.com
- Select the anchor bolt covers. There are two options; anchor covers or a complete pole base cover.
- Click on the "Review Your Selection"

to do a final review of the kit you built.

Final Review and Purchase

Your Kit is Ready To Review

Take a look at the kit you built. It is a 4 fixture at 90 degrees pole kit. Please recheck your selections. Now you can order the quantity of kits you need for your project by inserting the quantity you need. Remember this is the kit quantity; if you order 2 kits it will mean you are ordering 8 LED fixtures and 2 poles.

If you have any questions or are not sure of your selection or require a kit that is not available with these options give us a call at (888)364-8802 or email us at customerservice@brightlots.com

We offer other LED Pole kits that have single double triple heads and variety of combinations. [Click Here](#) to see our full line of LED Pole Kits.
